## CONCERN NOTED ON STOCK FLOOR

Strain Manifest in Financial Circles as Result of Foreign News Dampens Interest.

New York, June 3.—The week end session of the stock exchange denoted the concern of financial interests in the latest news from abroad. International shares were inclined to sag with concessions in Anglo-French and Canadian war issues. Speculation in certain specialties was renewed with greater vigor however, automobile stocks adding enormously to recent gains, with new high records for Willys-Overland commons, preferred and Chandler Motors, while General Motors made a jump of 67 points at 523. Cuban and South Porto Rico sugar rose 14 to 15 points and Marine preferred came within the smallest fraction of its maximum at 98 1/2. The closing was irregular. Bonds were lower.

### London Silver.

London, June 3.—Bar silver 31d per ounce; money 3 1/2 per cent.

### Fair Weather Forecast.

Washington, June 3.—Weather bureau predictions for the week beginning Sunday in the upper Mississippi valley and plains states are: Fair, normal temperature followed by local thunder showers and lower temperatures after Wednesday.

## BIG JEFF TESREAU McGRAW'S ONE CARE

Jeff Tesreau.

With the Giants doing a wonderful clip toward the top the only care McGraw McGraw can mention is the indifferent performance of Jeff Tesreau, who has not managed to show all the class this season that was anticipated. For the past month or more Jeff seems to have been rather listless and an injury to his hand held him back.

## WEATHER OBSERVATIONS

U. S. Department of Agriculture Weather Bureau.)

The northeastern storm which has moved to western New York has been attended by showers and thunderstorms from the St. Lawrence valley and the eastern portion of the lake region southward to the Ohio valley and Tennessee. This disturbance has been followed by cooler weather in the Mississippi valley and the southern portion of the lake region. The northwestern low has advanced to Manitoba and higher temperatures are reported from the upper Missouri valley. Another barometric depression is central over New Mexico and southwestern Texas. The pressure remains highest on the north Pacific coast. The eastward movement of these conditions will be attended by partly cloudy weather in the tri-cities and vicinity tonight and Sunday, with warmer tonight, followed by cooler Sunday.

### Elgin Butter.

Elgin, Ill., June 3.—Butter, 65 tubs at 29c.

## THE DAY IN DAVENPORT

**Alleged Thief Nabbed.**—Suspected of having stolen two watches, a diamond pin and a gold ring from the rooms of W. M. Hensinger, in the old Foster house, at Third and Rock Island streets, William Foster was taken into custody by Davenport police. He admitted stealing the valuables yesterday morning, the police stated. The articles were taken last Wednesday night and their theft was reported to the police. Since that time the officers have been working on the case in a quiet and consistent way that brought results. One of the watches was an Elgin with a gold hunting case, ladies' size, and the other was a silver watch with a Swiss movement. Both were valuable. The diamond pin was valued at \$74, and the ring, which was set with a red stone, was worth a large sum. Foster was arrested by Detective Bishop, who had been assigned to the case. He is being held in the county jail awaiting a hearing, which will probably be given him in a few days.

**Organize Rifle Club.**—A meeting of the Davenport High School Rifle club was called for the purpose of perfecting the organization. The club has a membership of about 50 and as the war department distributes the rifles according to the per capita of the club they will receive enough rifles to accommodate good sized practicing squads.

The officers elected by the club are as follows:  
President—V. V. Allen.  
Secretary—G. E. Marshall.  
Treasurer—A. E. Keiser.  
Captain—Ralph Claypool.

**Road Slips Away.**—Commissioner J. W. Holden and two engineers of the state highway commission were called here to supervise the reconstruction of a break in the Blue Grass road six miles out of Davenport. This road, built by Scott county at the high cost of \$26,000 a mile at this place, began to slide into the ditch three weeks ago when the reinforced concrete retaining wall broke. The retaining wall commenced to slide and the road bed likewise took the downward path headed for the bed of the little creek that runs by the road. The retaining wall was 84 feet long, 11 feet four inches high and averaged about two feet thick. The Clinton Bridge company was paid \$2,564.32 for building this retaining wall with "reinforced" concrete.

Auditor Collins there is a little book which shows that the taxpayers of this county paid exactly \$26,033.92 for fixing up a mile on the Blue Grass road. That was in 1911. The total road revenue of the county for 1911 was \$8,164.66. Part of the expense was for culverts and a retaining wall.

### Receives Recitation Telescope.

Captain A. M. Compton of Battery B has received from the federal government a battery commander telescope, the principal apparatus used in determining range for firing lines, and this telescope is to be used at the special mounted drill tomorrow morning.

## HOGS DECLINE AT SMALLER DEMAND

Pork Quotations Weaken at Visible Falling Off in Shipping Orders and Slump is Registered.

Chicago, June 3.—Hogs weakened in price today owing to a falling off in the shipping orders and because of the fact that the plants of the smaller packers were closed. Cattle quotations were almost nominal. Nearly all of the sheep and lambs that arrived were consigned direct to killers.

**Hogs:** Receipts 11,000; slow; generally 5c under yesterday's average; bulk 9.50@9.75; light 9.00@9.55; mixed 9.20@9.75; heavy 9.20@9.85; rough 9.20@9.35; pigs 7.00@8.75.

**Cattle:** Receipts 100; steady; native beef cattle 8.20@11.05; western steers 8.55@9.65; stockers and feeders 6.00@9.00; cows and heifers 4.50@9.50; calves 8.00@11.25.

**Sheep:** Receipts 5,000; dull; wethers 7.00@8.25; lambs 8.00@10.50; springs 8.50@11.85.

**Omaha Live Stock.**  
Omaha, June 3.—Hogs: Receipts 8,000; steady; heavy 9.25@9.50; light 9.00@9.40; pigs 7.00@9.00; bulk 9.30@9.40.

**Cattle:** Receipts 100; steady; steers 8.75@10.75; cows and heifers 7.00@9.00.

**Sheep:** Receipts 100; steady; wethers 7.25@8.75; lambs 8.50@12.00.

**St. Louis Livestock.**  
St. Louis, June 3.—Hogs: receipts 3,500; lower; pigs and light 7.50@9.50; heavy 9.50@9.60; bulk 9.25@9.50.

**Cattle:** receipts 150; steady; steers 7.50@10.50; heifers 8.00@10.00; cows 5.50@8.50; calves 8.00@11.00.

**Sheep:** receipts 200; steady; wethers 7.50@8.50; lambs 8.50@10.00; yearlings 8.00@10.00; wethers 7.25@8.25; ewes 7.25@7.75.

**New York Provisions.**  
New York, June 3.—Butter, weak; receipts, 8,024; creamery extras, 30 1/2; 30 1/2; 30c; creamery, 27 1/2; 28 1/2; 28c.

**Eggs, irregular:** receipts, 28,612; fresh gathered storage packed firsts or extra firsts, 23 1/2@24c; regular packed extra firsts, 23 1/2@24c; firsts, 22@23c.

**Cheese, unsettled:** receipts, 1,132; state fresh specialties, 14 1/2@15c; do, average fair, 14 1/2@14 3/4c.

**Live poultry, dull:** broilers, 25@30c; fowls, 20@21 1/2c; turkeys, 22c; dressed, old and weak; chickens, 18@22c; fowls, 18@22c; turkeys, 28@35c.

**Annual Bar Banquet.**—Three prominent Iowa judges will be speakers tonight at the annual bar banquet to be held in Schuetzen park. This is the annual affair of the lawyers of the city and will be a brief review of the year's work of the lawyers who have Saturday afternoons off in May, June, July and August, will attend the baseball game at the Blue Sox park. Tonight at 6:45 they will meet in Schuetzen park for the banquet. Judge Theophilus has been secured to be toastmaster. Judge Horace E. Dever of the Iowa supreme court, and Judge Martin J. Wade of the United States federal court have been asked to speak and have given notice that they will be present if at all possible. Other attorneys of the local bar will be asked to make speeches, none having been decided on as yet, so impromptu talks will be in order. The local attorneys who have charge of the banquet are James W. Bollinger, A. E. Carroll, Ouis Gilbrech, A. D. Ficke, Joseph Shorey and Wayne Cook.

**Mexican Bound Over.**—Joe Galindo, the Mexican who was arrested last week on a charge of carrying concealed weapons, was bound over to the grand jury at the preliminary hearing held in the court of Magistrate Clausen. The man plead not guilty. When Galindo was brought into the police station on the night of his arrest, his clothes were searched. A big 38 calibre revolver, with every chamber loaded, and a knife with a blade half a foot long, that opened with a light pressure on a spring were found. While it could not be proved by the police that Galindo was "gunning" for anyone in particular, the mere fact that he had the weapons in his clothes was enough to have him held to the grand jury. His bonds were set at \$150, and in default of bonds, he is being held in the county jail.

**Lands Another Convention.**—How to make the poor farms of Iowa self-supporting will be one of the important questions to puzzle the County Farm Stewards' association at the annual convention here Aug. 16, 17, 18. This convention is one of the score that meets in Davenport this year. Decision to bring the meeting to Davenport was decided on only recently and the date for the meeting has just been fixed. The County Farm Stewards' association will meet at the same time as the supervisors, sheriffs, auditors and other county officers from all over Iowa. A visit to the Scott county poor farm and a demonstration of the economies practiced there will be one of the features of the convention.

**Fire Loss Is \$6,000.**—Fire originating from an explosion of gasoline in the rear of the store owned by Barton's confectionery, 1522 Harrison street, and ruined the entire stock. The total damage, according to the owner of the building, Matthias H. Koch, will exceed \$6,000. Just how the fire started is not known. A quantity of gasoline was stored in a rear room, and it is believed that it exploded from some

## ALEDO AT A GLANCE

Daily Doings in Mercer County's Busy Capital

**In Churches Tomorrow.**  
United Presbyterian—J. B. Pollock, pastor. Services at the usual hour, with preaching morning and evening by the pastor. Morning service at 10:30; evening service at 7:30. Bible school at 11:45, and Young People's meeting at 6:30.

**Presbyterian.**—Rev. A. E. Moody, minister. Rev. Moody will preach at both morning and evening services. Sabbath school at 10:45 a. m.

**Methodist.**—Dr. F. E. Shult, pastor. The service Sunday morning at 10:30 will be the third quarterly communion service. Sunday school at 11:45. Epworth league at 6:30. The pastor will preach at 7:50 p. m.

**Personal Mention.**  
Mary Moorehead was a passenger to Rock Island last evening. The remains of her uncle, Joseph Moorehead, will be brought to that place from Rochester today.

**Clem and Lester Colclasure** were in Aleo yesterday from their home southeast of town.

**Mrs. A. J. Johnson** left yesterday for a few days' visit with her parents at Rock Island.

**James McKinney** was a passenger home to Aleo from Rock Island yesterday.

**Arthur Ringdall** arrived last evening from Chicago. He will visit his parents here for some time.

**Ed Thompson** was a passenger to Muscatine yesterday.

**Mrs. J. W. McRoberts** and Miss Bertha Evans were business callers in Rock Island yesterday.

**George G. Taylor**, sons Sam and John and daughter Mira went to Rock Island yesterday to attend the funeral of Mrs. B. Carpenter, who was an aunt of Mrs. Taylor.

**Mrs. Mary Moffett** and little son were Rock Island visitors yesterday. Miss Veril Marston left for home at Reynolds yesterday.

**Richard Pattison** of near Little York left for that place yesterday to spend his vacation at home.

**Band Concerts.**  
It has been made known that the Aleo band will begin giving concerts in Central park beginning next Thursday night. These concerts will start at 8 o'clock and will last one hour and a half. The committee in charge of the subscription for the concert has succeeded in gathering in practically all of the \$500. It has been the custom for the past few years to hold these concerts, and each year the citizens await with much anxiety the beginning of the series. Large crowds are expected, as the band, under the leadership of Selby Richmond, is making great progress.

**Rebekah Assembly.**  
The Rebekah district assembly is to be held here on June 16. There will be three sessions, in the morning at 10 o'clock, the afternoon at 1 o'clock and at night at 8 o'clock. In the evening the Rock Island degree staff will conduct the work. All lodges of this district are cordially invited to attend this assembly, as it is one of much value to every lodge member.

**Had No Licenses.**  
To add to the charges against the two men, the police claim that neither of them had peddlers' licenses in Davenport, which they must have under the law. Information has been filed against both men and they probably will be given a hearing today.

"I'm going to keep pounding away on these cantankerous laws until I have them repealed if it takes a year," said Marshal Lamb. "Until the owners and drivers of these wagons get the fact through their heads that they have to keep their wagons clean and in a sanitary condition, and that they can't let them go to rack and ruin, I will keep on making prosecutions. I intend to have both of these wagons condemned. Not only is it a violation of the laws of the state for the owners to let them go in such a shape, but it is a crime against the people who have to eat the bread. How do we know how many cases of sickness—and perhaps death—have been caused from just such conditions as these?"

"It is a fact that some of that bread might just as well have been baked in a pile of ashes in a woodshed. It couldn't have been much dirtier or more dangerous."

### TWO OLD PROBLEMS.

**The Moving Train and the Bullet Fired From a Rifle.**

A correspondent sends these two questions to the Scientific American: "First—If a train was running at a speed of sixty miles an hour and a man is sitting on the back end of this train with a gun that would shoot at the rate of sixty miles an hour and he shoots from the back end of this train in opposite direction, what effect would this condition have on the bullet?"

"Second—If the man with the gun was on the front end of this train and was to shoot back at a man on the back end of train and train to be going sixty miles per hour and the gun would shoot at the rate of sixty miles an hour, what would be the result?"

To which the editor replies: "First—In the case you propose the bullet after it left the gun would still move forward with the speed of the train and backward with the speed given it by the powder. Since these two speeds are equal and opposite in direction the bullet would drop to the ground directly under the point where it left the gun."

"Second—In this case the man at whom the bullet was shot would be killed if the aim was good. This may be made clear perhaps by asking if you could not throw a ball on a train to a man to the rear of the place where you were standing? Could you not toss a biscuit to a person in the next seat in a car either toward the front or rear? If you could toss a biscuit you could fire a bullet in either direction and with the usual result when a bullet is fired. This matter seems very simple to us. We do not know why it causes so much discussion."

**Well 200 Feet Down.**  
Work on the deep well to be used in connection with the artificial ice plant, is progressing. The five-inch drill has now reached a depth of more than 200 feet. This is a depth, however, at which the process of drilling becomes much slower. Although the work upon the well has been in progress but two weeks, it is thought that at least four more weeks will be utilized in getting things in shape.

### High School Commencement.

The commencement exercises of the Aleo high school were held last evening at the Aleo opera house. An especially interesting program was tendered. Orations were delivered by a number of the graduates these intermixed with special numbers by the glee club and the quartet. Thirty seniors received diplomas as a reward for diligence in school work. The diplomas were presented by John M. Wilson, president of the school board.

## DAVENPORT HITS LOCAL BAKERIES

Drivers of Wagons of Two Rock Island Concerns Are Arrested in City Across the River.

### CLAIM BREAD IN FILTHY STATE

Further Charges Are Made Against Men That They Had No Peddlers' Licenses Required.

Davenport's war on peddlers of bad bread yesterday led to the arrest of drivers of two Rock Island companies. Claiming that their wagons were in a filthy condition and that the bread they were delivering was covered with dirt and exposed to disease germs, Deputy Marshal Matt Lamb caused the arrest of Henry Greenberg and Simon Tobinsky, drivers of bread wagons. Tobinsky was arrested on Ninth and Gaines streets as he was on his daily rounds. Davenport police claim that the man's wagon, which was drawn by a decrepit horse, was in a filthy condition. The floor was covered with dust, dirt, old papers, rags and offal of all sorts. Tobinsky is the driver of a wagon for the Leader bakery of Rock Island. Greenberg, driver of a wagon owned by H. Fumel of the Kosher Bread Baking company, 2106 Third avenue, Rock Island, was arrested by Officer Blickhan at Second and Western avenue, and his wagon was in much the same condition as the one driven by Tobinsky. When the two wagons were examined at the police station, the bread which the men were delivering, it is alleged, was found to be covered with dirt, many of the loaves being in such a condition that it was hard to tell what they were. They were thrown into the wagon on old newspapers and every job threw them against the side of the wagons, where dirt and cobwebs had been allowed to accumulate, the police claim.

**Market Square Sales.**
